

# VITRUM SQUARE 3.0

VITRUM SQUARE 3.0 7W WHITE 20°  
4000K 24V LV 1,5M

Cod: **VIT06FCM202C00**

**IdroSkud®** protection system  
polarity reversal protection +  
voltage spikes protection + water  
infiltration protection

**Protection class III**  
Designed to be supplied from a  
separated extra-low voltage  
(SELV) power supply

**IP 68**  
Protected against continuous  
immersion up to 3 meters

**IP 66**  
Protected against powerful power  
jets, 100 liters per minute

**IK 10**  
Protected against impact of 20 J

**High temperatures**  
Design to withstand temperatures  
up to +50° C

**Walk-over**  
Fixture design to withstand a static  
load up to 500kg

**CX - Extreme**  
corrosion resistance level ISO 9223

**Mizar warranty**  
5 years warranty

## Technical description

VITRUM is a range of completely flush-mounted ground recessed walk-over luminaires, suitable for outdoor environments (IP66/IP68) with an operating temperature range of -20°C to +50°C. Its distinctive feature is its tempered glass screen without a metal ring, silk-screened in black or white. Available in transparent or satin finish. The body is made of black anodized anticorrosive aluminum. The light source consists of a single power LED chip, in 2W, 3W, or 7W versions, powered by 24V constant voltage. The essential design makes it ideal for installation in elegant indoor and outdoor environments, as well as for high-humidity situations (spas, cellars). The light source is recessed for greater visual comfort. Color rendering index CRI > 90. The fixture is equipped with the IdroSkud® system to protect the electronic components from voltage spikes, polarity reversal, and water infiltration. The product must be combined with a power supply to ensure its operation. The power supply must be ordered separately. The number of devices that can be connected to a single power supply varies depending on the type of installation. It is the installer's responsibility to check for potential voltage drops by evaluating the distance between the product and the power supply.

### Lighting data
