

OCEANO 3.0 WOOD EFFECT

OCEANO 3.0 3W AL-TP 25° 2700K 24V LV 1,5M

Cod: CEA04CCM205C00

IdroSkud® protection system

- polarity reversal protection
- voltage spikes protection
- idroSkud water infiltration protection

Protection class III

Designed to be supplied from a separated extra-low voltage (SELV) power supply

IP 66

Protected against powerful power jets, 100 liters per minute

date: 13/09/2025

IP 68 up to 10m

Protected against continous immersion up to 10 meters

IK 07

Protected against impact of 2 J

High temperatures

Design to withstand temperatures up to +50° C

Walk-over

Fixture design to withstand a static load up to 5 kN

CX - Extreme

corrosion resistance level ISO 9223

Mizar warranty

5 vears warrantv

Technical description

Inground luminaire, walk-over, suitable for outdoor environments (IP66/IP68), with operating temperature range: -20°C / +50°C. To provide maximum versatility of application, the body can be made of aluminum or steel; the frame is made of a special technopolymer that is extremely resistant to corrosion and imitates the appearance of wood. The light source consists of a single 3W power Led chip powered at 24V constant voltage with integrated driver. The luminous flux makes it ideal for tracing pedestrian paths or achieving a starry ceiling effect, thanks to the different emission angles. The source is set back for greater visual comfort. Color rendering index CRI > 90. Oceano is equipped with IdroSkud® system to protect electronic components from voltage spikes, polarity reversal and water infiltration. There are optionals for anti-glare (honeycomb) and installation accessories (draining and waterproof outercase and spring for ceiling attachment). The product must be combined with a power supply to ensure its operation. The power supply must be ordered separately. The amount of luminaires that can be connected to a single power supply varies depending on the type of installation. It is up to the installer to verify the possible voltage drop by evaluating the distance between the product and the power supply.
