

# VITRUM 3.0

VITRUM 3.0 7W WHITE 5° 3000K 24V LV  
5M

Cod: **VIT03DCS202H00**

#### IdroSkud® protection system

- polarity reversal protection
- voltage spikes protection
- water infiltration protection

#### Protection class III

Designed to be supplied from a separated extra-low voltage (SELV) power supply

#### IP 66

Protected against powerful power jets, 100 liters per minute

#### IP 68

Protected against continuous immersion up to 3 meters

#### IK 10

Protected against impact of 20 J

#### High temperatures

Design to withstand temperatures up to +50°C

#### Walk-over

Fixture design to withstand a static load up to 5 kN

#### CX - Extreme

corrosion resistance level ISO 9223

#### Mizar warranty

5 years warranty

## Technical description

Fully flush inground luminaire, walk-over, suitable for outdoor and underwater environments (IP66/IP68) with operating temperature range: -20°C / +50°C. Its special feature is that it has a tempered glass screen without metal frame, opal, with black screen-printed edge. The body is made of black anodized anticorrosive aluminum. The light source consists of a single 7W power Led chip powered at 24Vdc constant voltage with integrated driver. The minimalist design makes it ideal as a lighting fixture for elegant indoor and outdoor environments, as well as for high-humidity situations (spas, wine cellars). The source is set back for greater visual comfort. Color rendering index CRI > 90. Vitrum is equipped with IdroSkud® system to protect electronic components from voltage spikes, polarity reversal and water infiltration. There are installation accessories (draining, watertight and plasterboard outercase). The product must be combined with a power supply to ensure its operation. The power supply must be ordered separately. The amount of luminaires that can be connected to a single power supply varies depending on the type of installation. It is up to the installer to verify the possible voltage drop by evaluating the distance between the product and the power supply.

## Lighting data
