

# OCEANO 4.2

## DRIVE-OVER

OCEANO 4.2 7W ST-ST 20° 2700K 24V  
0,4M

Cod: **CEA10CCM001A00**

### IdroSkud® protection system

- polarity reversal protection
- voltage spikes protection
- water infiltration protection

### Protection class III

Designed to be supplied from a separated extra-low voltage (SELV) power supply

### IP 66

Protected against powerful power jets, 100 liters per minute

### IP 68 up to 10m

Protected against continuous immersion up to 10 meters

### IK 09

Protected against impact of 10 J

### High temperatures

Design to withstand temperatures up to +50° C

### Driver-over

Fixture design to withstand a static load up to 20 kN

### CX - Extreme

corrosion resistance level ISO 9223

### Mizar warranty

5 years warranty

## Technical description

Inground luminaire, drive-over, suitable for outdoor and underwater environments up to 10 m (IP66/IP68), with operating temperature range: -20°C / +50°C. To provide maximum versatility of application, the body can be made of aluminum or steel; the frame, aluminum or steel. The light source consists of a single 7W power Led chip powered at 24V constant voltage with integrated driver. The luminous flux makes it ideal for marking pedestrian paths or illuminating architectural details. The source is recessed for greater visual comfort. Color rendering index CRI > 90. Oceano is equipped with IdroSkud® system to protect electronic components from voltage spikes, polarity reversal and water infiltration. There are optionals for anti-glare (honeycomb and louvre) and installation accessories (drive-over outercase). The product must be combined with a power supply to ensure its operation. The power supply must be ordered separately. The amount of luminaires that can be connected to a single power supply varies depending on the type of installation. It is up to the installer to verify the possible voltage drop by evaluating the distance between the product and the power supply.

## Lighting data
